### SUMMARY

I am currently acting as Head of the Department of Physiology and assistant professor of Medical Physiology in the Faculty of Medicine at Misurata University, Libya. I graduated with a B.Sc. (1998), M.Sc. (2009), and Ph.D. (2018). I supervised and examined numerous Master's and Doctoral students. My research interests are in the fields of cell physiology, andrology, endocrinology, respiratory physiology, DNA fragmentation as well as oxidative stress. I collaborate actively with other renowned scientists from all around the world, particularly Prof. Stefan Du Plessis (Dean of Research and Graduate Studies, a Professor of Physiology at the College of Medicine (MBRU) Dubai, UAE) and other internationally recognized scientists. I have published several peer reviewed scientific articles and book chapters. I regularly act as an ad hoc reviewer for a number of national and international scientific journals.
